THE URBAN SPECIALIST

Lightweight combination tankers designed to take on demanding environments

CITY | WHALE

The Whale Tankers range of lightweight combination tankers is specifically designed to take on the demanding city environment.

The CityWhale range is made from aluminium and is a high quality product built by Baroclean, one of the premier and established specialist bodybuilders in France.

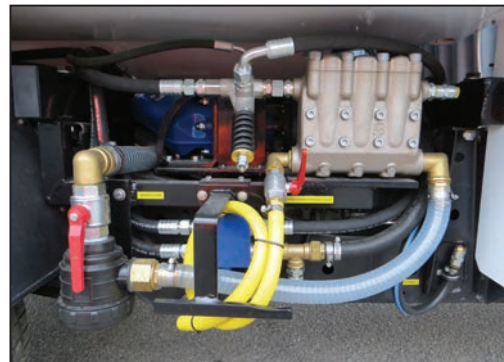

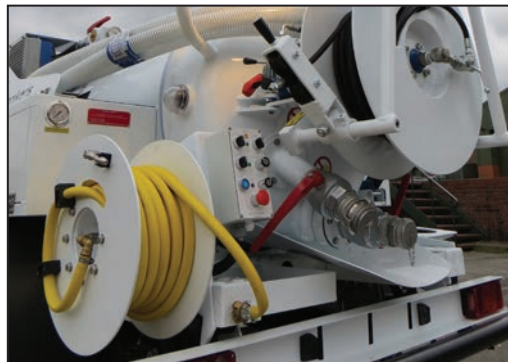

The well proven European concept of these compact lightweight combination tankers is ideally suited to take on the UK's urban areas such as City Centres, Car Parks and congested Town centres.

With a GVW of 3.2-3.5 Tonnes and based on the robust Ford Ranger or a suitable Land Rover chassis, the City Whale 3 has a 1200 litre total capacity divided into a 800 litre Waste compartment and 400 litres of Jetting water.

- Vacuum/Pressure provided by a hydraulically driven Air Cooled Rotary Vane Compressor: Performance; 216m³/hr.
- Jetting Pump is a hydraulically driven Triplex piston pump: Performance 50lpm at 250bar.
- The Hydraulic Jetting Reel has capacity of 100m and is equipped as standard with 60m of ½" steel braided hose.
- Control: 8 Channel Radio Remote as standard.
- Comprehensive integral lockable lightweight aluminium storage cabinets.
- Optional upgrade; Swivelling Hydraulic hose reel with 100m capacity.

With a GVW of 7.5 Tonnes and based on the Mitsubishi Fuso chassis, the City Whale 7 has a 3800 litre total capacity divided into a 3000 litre Waste compartment and 800 litres of Jetting water.

- Vacuum/Pressure provided by a hydraulically driven Air Cooled Rotary Vane Compressor: Performance; 630m³/hr
- Jetting Pump is a hydraulically driven Triplex piston pump: Performance 80lpm at 200bar.
- The Hydraulic Jetting Reel has capacity of 100m and is equipped as standard with 80m of ½" steel braided hose.
- Control: 8 Channel Radio Remote as standard.
- Comprehensive integral lockable lightweight aluminium storage cabinets.
- Optional upgrade; Swivelling Hydraulic hose reel with 100m capacity.
- Optional upgrade; Hydraulic Rear Door & Door Clamps.

SUPPORT

One of Whale's primary objectives is to maximise operating performance by keeping downtime to an absolute minimum, leading to significantly reduced whole life costs. This is achieved by a service and parts operation that is the envy of the industry. In addition to extensive parts stock and availability, Whale offers routine and preventative maintenance packages.

QUALITY

Whale Tankers care about quality across all aspects of its business. Indeed it is a word that characterises the company. Whale is an ISO9001 registered company. The manufacturing of both Trailers and HGV'S has also been granted Conformity of Production by the VCA.

TRAINING

Central to Whale's success is not only the training of its workforce, but also the provision of recognised, accredited and non-accredited courses that have been structured to meet the changing needs of today's waste water and sewerage industries. The company is also respected for its onsite commissioning of all new vehicles for its customers.

ENVIRONMENT

Whale Tankers is a green canvas through and through, encompassing its products, production processes, staff training and its interaction with its environment. Always focusing its efforts on minimising its impact on the environment, Whale is synonymous with the 'Green' concept. Operating an environmental quality system accredited to ISO14001, Whale Tankers continues to embrace proven environmental initiatives, whilst being committed to delivering on its promises for decades to come. Whale was for example one of the first companies to embrace low carbon technologies. Occupying an industrial site nestled within a 160 acre green belt area, Whale takes its immediate environment extremely seriously and treats it with the utmost sensitivity, creating its own Whale forest through the ongoing planting of more than 24,000 indigenous trees. Whale Tankers - home to an idyllic environment, green products and processes, and living proof that nature and manufacturing can co-exist together in perfect harmony.

Whale Tankers manufacture a wide range of vehicles and provide many other services. For a copy of any of the following brochures, or for further information, either call us today on: 0121-704 5700, email us at sales@whale.co.uk, or visit our website at www.whale.co.uk
